

Why is it important for my baby to have a legal father?

Establishing paternity may allow your child to receive many benefits, including legal, social, and psychological:

- child support
- medical information
- Social Security
- disability insurance
- inheritance
- pensions
- medical information
- visitation rights
- sense of identity
- psychological bonds between father and child
- may have better emotional performance
- may have fewer behavior problems

Unmarried Parents:

Here's what you need to know about legal fathers

Who can be listed on the birth certificate?

In addition to your child's mother, the legal father can be listed.

X Mom
X Dad

How can I establish my child's legal father?

1. If a mother is married at some time during the pregnancy or at birth.
2. If a court enters an order naming the father.
3. If both parents fill out and sign the paternity affidavit form.

One of these criteria must be met for your child's father to be on the birth certificate.

What is a paternity affidavit?

It's a free and easy legal document that both parents complete so their child can have a legal father.

This is a FREE document!

Where can I get one?

The paternity affidavit can be completed anywhere, but it must be signed in the presence of a notary public.

You can get a blank paternity affidavit at:

- hospital at time of birth
